

## 4 Levels of Purification Including Our Unique Double HEPA Filtration

### 1. FILTER BAG

Our Home Solutions™ Filter Bags are four times more effective at capturing dust and tiny particles than the previous four-ply design.

### 2. TRUE HEPA FILTER

Significantly improves indoor air quality by trapping and retaining 99.97% of particles as small as 0.3 micron.

### 3. CARBON FILTER

A high porosity, activated charcoal carbon filter effectively reduce odor and moisture.

### 4. LONGLIFE TRUE HEPA AFTER FILTER

Before air is released back into the environment, it passes through the LongLife HEPA after filter to capture any tiny particles that may remain.

### SPECIFICATIONS

Electrical Rating	9 Amps at 120 Volts AC 60 Hz
Air Watts (Motor)	505
Canister Weight	14.3 lbs
Power Nozzle Weight	5.0 lbs
Canister Dimensions	22" Long x 9" Wide x 9.375" High
Power Nozzle Dimensions	3.25" High x 15" Wide x 8.125" Deep
Cord Length	28 Feet
Filter Bag Capacity	2.5 US Quarts
Warranty	15 / 5-Year Limited Warranty

The First Name in Healthy Homes™

From 1924 through the turn of the century, we were Electrolux, the clear leader in home cleaning throughout North America.

Now, we're Aerus, a new name for a new generation of products and services designed to help make your home a Healthy Home.

All backed by performance so legendary, over 99.8% of our customers recommend Aerus to their friends and family.

Honored by the Smithsonian  
Trusted by Millions of Homes™

**ELECTROLUX®**

Aerus. Your Original Manufacturer & Authorized Provider of Parts & Services for all 1924-2003 Electrolux Vacuums.

We Offer Lifetime In-Home Service

LUX GUARDIAN PLATINUM

CANISTER HOME CARE SYSTEM

The Lux Guardian Platinum Canister Home Care System was engineered to

be in a class by itself. Stylish, durable, and equipped with intuitive detailing features that help you care for your home and floors with ease and confidence!

Operation is exceptionally quiet, despite its high-powered motor. Two Sealed HEPA filters ensure the tiniest contaminants are captured and retained so that only clean air is released. Other intelligent features include the Automatic Operation Mode that senses what type of cleaning it is performing and the System Indicator that alerts you when maintenance is needed.

The Lux Guardian Platinum is sophisticated with an anti-fingerprint stainless finish, it is as smart and purposeful as it is elegant.

A complete deluxe accessories package includes an on-board tool storage attachment.

Extra Home Solutions™  
Filter Bags included!

# Ultimate Performance and Beautiful Design

## REMARKABLY QUIET

The Lux Guardian Platinum features an aerodynamic air-guided design and multi-layered sound insulation for quiet operation.

## EFFORTLESS ASSEMBLY

The Push & Pull Connection System makes inserting and removing the electrical hose effortless. The hose rotates 360° on both ends. An ergonomic handle design maximizes comfort and control.

## CONVENIENT CONTROLS

Top-mounted power switch is operated with a simple foot tap. Switches located on the handle adjust suction and turn the power nozzle brush roll on and off as needed.

## SMOOTH MANEUVERABILITY

The 3-wheel guidance system makes the canister easy to pull along behind you as you vacuum. A rubberized coating on the wheels prevents scratches on wood floors.

## INTELLIGENT SUCTION

Suction control may be adjusted manually or automatically across eight levels according to the type of cleaning you are performing. Use maximum power for vacuuming floors and deep cleaning, medium power for vacuuming upholstery or dusting, and minimum power for delicate cleaning.

## POWERFUL CLEANING

The unique L-shape power nozzle with LED headlight provides 4-sided cleaning and self-adjusts its height between various types of flooring. The high-powered motor features an amazing 505 air watts and 116" of water lift.

## PERFORMANCE INDICATION

A System Indicator alerts the user of the operation condition with information such as the suction level, automatic mode, prefilter maintenance notification, full filter bag change indication, and an over-heated motor.

## AUTOMATIC PROTECTION

If an object becomes tangled in the power nozzle brush, the circuit breaker will automatically shut off the brush to prevent damage. A built-in thermo coupler protects the motor by shutting it down if it overheats.

## UNIQUE PARKING POSITIONS

The canister features 2 power nozzle parking positions: one on the side of the canister for interruptions while cleaning and another on the bottom of the canister for discreet storage. Accessories are stored on board for quick access and an automatic cord winder easily stores the 28 foot power cord.

**SIDEKICK®**  
A mini, motorized power nozzle useful in cleaning stairs, bedding, car interiors, and more!

**COMBINATION RUG & FLOOR TOOL**  
Use the floor brush to clean hard surfaces, then rotate it over to use the straight suction tool on your fine rugs.

**CREVICE TOOL**  
Perfect for narrow, hard-to-reach areas such as bookshelves, between couch cushions and car interiors.

**UPHOLSTERY TOOL**  
Soft bristles protect your furniture and delicate surfaces, while adjustable wings allow for improved cleaning of upholstery or fabrics.
